

## We are moving! - Important information about your details

Hi, name

**We want to update you on some changes at EV Summit. The ownership of EV Summit will change from Teknisk Ukeblad Media to Norges Varemesse AS. No worries, we are sure that this change will benefit everyone!**

In 7 days time, on February 12th, we will start moving our mailing lists and participants to the new system at Norges Varemesse. **You don't need to do anything.** We'll take care of everything and contact you again once we have made the transfer.

You are currently in our systems in Teknisk Ukeblad Media - but to ensure that you get all updates and information about Nordic EV Summit in the future, we want to move your contact information to Norges Varemesse.

We are confident that this transfer process will go smoothly - and that you won't notice any significant changes. If, however, you would like to refrain from transferring to our new systems; [please do so here](#). You can also read more about [Norges Varemesse privacy policies here](#).

**Thank you! We look forward to be seeing you again.**

Warm regards,

*Nordic EV Summit is organised by*

Norwegian **EV** Association
